Police ignore people sneak parking in handicap spaces

There was a tipster in this week's paper who failed to see action against vandals [in Westland]. I, too, have failed to see action when calling about thoughtless people parking in handicap spaces with no tabs or plates.

When I called police, they said they were busy and would check on it when they had time.

Also, a lot of revenue could be brought into the city if police would position themselves at Warren and Central City Parkway and get the people that run that red light in streams. They totally ignore the "no right turn on red" sign in that area.

I believe police don't notice that because they don't want the paperwork involved.

Next Mayor should fight for fair cable TV prices

Why does Media One charge Westland \$30 a month for cable and charges Wayne \$25, Canton \$25 -- \$19 if you agree not to switch to Ameritech? Maybe our next Mayor will have a good answer.

Of mice and men and city of Wayne Democrats

Seldom pleasant, family feuds should never be paraded in public like the feud between Democrats in the city of Wayne.

Do these Wayne Democrats think their good names will survive public arguments about cheese?

Someone should tell them that mice argue about cheese, not people.

Bookmobile should get rolling regardless of other plans

I was disappointed to read that the Library Bookmobile, like the courthouse expansion, will be delayed because of Mayor Thomas's

100-foot aerial fire truck purchased, due in 9 months

By AL POST
MCN Staff Writer

While comments that the Romulus Fire Department is short of volunteers continued to swirl about the council floor, the City Council on Monday night supported Fire Chief David Allison's request to purchase a new 100-foot aerial ladder truck.

The city then supported "a tax exempt lease/purchase agreement with Halt Fire Inc. of Northville" for \$744,720.

Councilman William Crova -- son of the late Fire Chief Joseph Crova -- made the motion to accept the bid from the

Northville firm. It was seconded by Councilwoman Debbie Romak and supported unanimously by the council.

"The City Fire Department has been planning and saving for this piece of emergency equipment since my dad was fire chief," Crova said.

The growing number of multi-story buildings being constructed in the city made this purchase a necessity, city officials said.

Crova also said the purchase should help the city's fire rating.

Romak, expressing enthusiasm for the truck purchase, urged the city to stage a

"ribbon-cutting" when the vehicle arrives.

Mayor William Oakley, who said the huge truck would be stored at Fire Station 2, revealed the fire apparatus probably wouldn't arrive until December or early in the year 2000.

Councilman William Wadsworth also requested the city begin advertising for volunteer firemen.

Last week the city admitted that it was in dire need of more volunteer firemen for both day and night-time periods.

Oakley said the city would also put the firemen notice on the local cable TV channel.

40 acres owned by landfill firm may be deeded to city

By AL POST
MCN Staff Writer

Waste Management Inc. that owns 40 acres on Hannan Road in Romulus, adjacent to its Van Buren landfill operation, asked the City Council Monday night for permission to temporarily (20 years) stockpile clean soil at the site.

That soil would be used later to cover the landfill when it was filled (probably sometime in the next two decades).

A spokesman for Waste Management said his firm would grass over the clean soil so that it would enhance the

environmental look of the area and would also keep Hannan Road free of dirt, mud etc from their operation.

"After 20 years we would be glad to cede the area over to the city," the spokesman said.

Later in the discussion, City Councilman Donald Morris asked "why can't you cede the land over to the city now...so the city could have stronger control over the property early instead of after the project is closed."

The spokesman for Waste Management said he felt the land ownership transfer was no problem and the firm

would pay all the expenses for the project and the park-like atmosphere it hopes to create there.

In addition, it was stipulated that a woodland area near the soil storage area also would be protected.

The council then proceeded to approve a motion by Councilman Leroy Burcroff and supported by William Crova that the temporary soil storage be permitted and property be ceded to Romulus under conditions set down by the administration of Mayor William Oakley and City Attorney Steve Hitchcock.

Clean-up effort to begin May 15

By AL POST
MCN Staff Writer

The heavy volunteer clean-up planned by the city is expected to begin May 15 (weather permitting) and may be followed up by later weekend efforts, Mayor William Oakley said Monday.

Oakley revealed that the city's Police Explorers are expected to be joining private citizens in the initial clean-up effort.

Officer Jeff Lazarski (who heads the Explorers) said there currently are 12 explorers in the program (six young men and six young women) between the ages of 14 and 21.

Young Romulus residents interested in joining the Explorers are urged to call Lazarski at 942-6777.

The Explorers once again will join with the Romulus Rotary Club at 5:30 p.m. April 28 in clearing a portion of I-275 in Romulus (as part of the national Adopt a Highway program).

Other citizens interested in the May 15 clean-up date should call Burcroff at home 467-8058 or Oakley's office at 942-7572.

Neighborhood efforts are expected to be the key to those early efforts.

In an unrelated effort, the city will also conduct its free dumping period June 5 through June 12 in special dumpsters at the Department

of Public Works (DPW) facility at 34100 Goddard road.

The hours will be from 8 a.m. to 3 p.m. weekdays and from 7 a.m. to 3 p.m. on Saturdays. There will be no dumping allowed on Sunday June 6.

All users must show proof of Romulus residency and may only dump two loads a day.

No commercial dumping or that of concrete or dirt will be allowed.

Only 4 vehicle tires will be accepted and must be placed separate of other debris.

No yard waste, paint supplies, chemicals or petroleum products will be accepted.

No large items such as boats, sheds, cars or engines will be allowed.

For more information call 734-942-7579.

3 seek school trustee seats

By AL POST
MCN Staff Writer

Three brand new political faces have filed for the Romulus School Board seat currently held by board President Howard Kesner.

Kesner announced plans to step down from the board this June following three four-year terms.

The trio includes: retired firefighter Billy McCraight, current Romulus Police, Fire and Safety Commissioner Edward Thomas Jr. and vocal citizen Tony Heimberger.

Thomas -- who also serves as pastor of the Martin Temple Church on Wayne road in Romulus -- was the last to file on Monday.

His top priority for running, Thomas said, was to support a recreation center (not just in one part of the city), but also one in the lower part of Romulus, because our children don't have any place to go.

Because of that the children "walk up and down the street and then the police always tell them that they have got to move," Thomas' press release said.

Thomas states he has lived in Romulus for 23 years and his wife has resided here 39 years. They have four children: Damon, Patrick, Legina and Cortina.

Thomas has been pastor of the Martin Temple for the last six years and also serves as Sunday School superintendent of the Greater Detroit District.

If elected Thomas promises to be highly accessible to area residents. He states "lots of people tell me they are not able to see or call current board members about their problems."

"But I know one thing that I can do and will do if elected that is to have an open door

Edward Thomas Jr.

policy for all," Thomas added.

Earlier McCraight announced he would be campaigning early for a Romulus school trustee seat.

McCraight listed himself as a former truck driver and firefighter. Most recently McCraight said he became involved with the Romulus Rotary Club and the city's Pumpkin Festival Committee.

McCraight revealed he is a father of three and a grandfather of five. He says he is a good listener and communicator, but also an independent thinker.

Years ago he was an E-5 in the U.S. Army and more recently was active as a Boy Scout leader and hockey coach for boys and girls.

City Clerk Linda Choate said that Heimberger also filed for the four-year term last Friday.

Efforts to reach Heimberger have not been successful to date.

The election is slated for June 14.

Romulus woman spins 'Wheel,' is big winner

By AL POST
MCN Staff Writer

A Romulus woman will be seen spinning the big wheel tomorrow night on TV and winning cash and a large \$57,000 camper.

Judie Miller Zaboroski, a former cheerleader who graduated from Romulus High School back in 1989, found a lot to cheer about her visit to "Wheel of Fortune" during which she also won \$4,350 in cash.

Judie, 27, said she has lived in Romulus most of her life, except for a brief move to Dearborn Heights several years ago after her marriage to Todd Zaborowski.

Since she has been a long-time viewer of the TV contest show, Judie took part in a "Wheel"-try-out at the Hyatt Regency Hotel in Dearborn months back.

"I made the first cut (of possible contestants) and then the second," Judie said "and then traveled to California (just out

Judie (Miller) Zaborowski

side Los Angeles) for the taping of the TV show."

Judie revealed "Lady Luck was on my side. I got no bankruptcies and called the right letters."

She admitted contestants got no video copies of the show for their personal use.

"So we plan a family party tomorrow night and will just laugh it up," she concluded.

Warehouse fire cause is still being probed

A massive 6-alarm fire last Saturday heavily damaged the interior and contents of Advantage Logistics at 36507 Van Boren road.

Fire Chief David Allison said the cause of the blaze is still undetermined. The building was formerly known as the Detroit Diesel and currently stored products for Ford Motor Co.

The fire alarm was called in after 10:30 a.m. Saturday as a

9-1-1 alarm, Allison said, and firemen from Romulus and adjoining communities remained at the scene for about 12 hours.

Allison extended his thanks to his Romulus firefighters as well as those responding from Wayne and Van Buren.

Van Buren and Huron Townships' firemen also manned Romulus Fire Stations 1 and 4 during the effort, he said.

Salvation Army-media ties need to be updated soon...

Have ties between the international Salvation Army and the print/electronic media slipped in recent years because of retirements of top post-World War II personnel on both sides?

About 20 years ago when this writer first got closely involved with Salvation Army causes, SA commanders were still thrilled they were getting benefits from society (particularly veterans groups) dating back to the 1940s based on SA actions on the warfronts.

But in recent years, it has become evident that the Salvation Army message is getting lost with the media.

Part of the blame may be tied in with the retirements on both sides -- the Salvation Army and veteran media experts.

But others say the Army has lost touch somewhat with current media interests and styles. "Salvation Army press releases have become too wooden or institutionalized," one editor complained.

"The worst job we do is telling our own story," a former Michigan SA leader admitted several years ago.

Listen today to radio or TV newscasts on current tragedies and you will hear the American Red Cross' disaster efforts mentioned much more often than the Salvation Army's.

Thanks to the media awareness of SA Major Brian Merritt in Romulus, the local press is kept up to date on national and regional SA exploits in aiding those devastated by floods, earthquakes, major fires and large traffic disasters.

But a wider SA effort is needed to create more reader sensitive press releases -- since they are in the business of recycling society's most important and valuable element -- men and women's physical and spiritual lives.

It is true that because of the sensitive work the SA does on a daily basis -- they need to protect the privacy of the clients' they serve.

Post notes

Al Post

But while the public's view on life in many cases has become more callous -- readers and TV viewers have never outgrown their need for positive stories.

And ongoing SA efforts often lead to such positive stories.

However knowledge about the very basics of SA life are still blurry to the average American.

Most Americans do not know that funds raised from Salvation Army Thrift Stores are the main support for the adult rehab centers...

Few even know that the SA is divided into two branches (Corps such as those in Wayne-Westland and Plymouth) and (Rehabilitation Centers such as in Romulus and Detroit). Funding for the two SA units also are separate.

Each is headed by a different team of SA officers joined at the top by international SA Gen. Paul Rader (actually the first American to hold that worldwide post).

Most Americans do not know that funds raised from Salvation Army Thrift Stores

are the main support for the adult rehab centers -- that aid men and women with deep substance abuse problems.

The money dropped into red Christmas kettles meanwhile is used by the local Salvation Army Corps to aid single parents, unemployed workers, unskilled youth and adults, who need financial help to put food on the tables, clothes on their children's back and heat in their chilly homes in the winter.

Another well kept secret from many in the public is that the SA also conducts on-going Christian based religious chapel services for their clients (known officially as beneficiaries) as well as the SA "soldiers" (members of their spiritual group).

"Soldiers" can usually be identified at Salvation Army religious meetings by the dark blue uniforms they wear.

As the Army marches into the 21st Century, major updates are needed ... and renewing ties with the media will be critical.

Oakley, council urge TV turnoff for a week

By AL POST
MCN Staff Writer

Romulus Mayor William Oakley -- along with the Romulus City Council -- are urging area residents to turn their TVs off for a week and improve their family ties.

Oakley issued a proclamation urging residents to join the TV-Free America organization's effort to revitalize family communication styles the week of April 22 to 28.

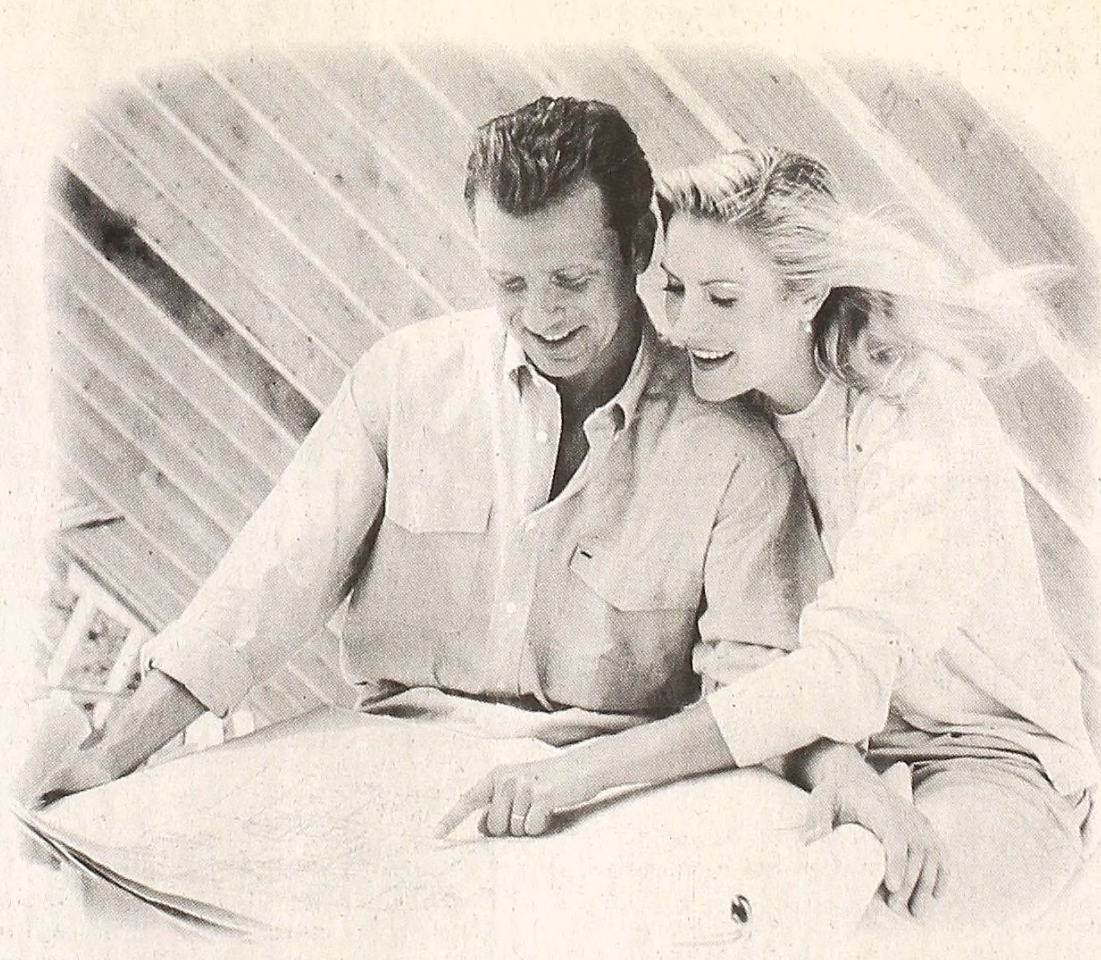

Oakley states during the week Americans should "reduce the amount of TV watching to promote richer,

healthier and more connected family lives."

Since the average child watches 1,500 hours of TV a year, compared to 900 hours in the classroom, the American Medical Association, National Education Association and Girl Scouts of America have joined in sponsoring the TV-Free Week.

Instead of watching TV, Oakley and the council urge that residents read more books, take part in volunteering, exercising more and getting involved in the community.

Wayne Senior Center -- still big secret

By AL POST
MCN Staff Writer

The Wayne Senior Activity Center at Sims avenue and Wayne road -- is apparently remaining one of the city's "best kept secrets."

In fact senior center leaders state "some citizens come in still looking for the library and are surprised to find it is now the Senior Activity Center."

Thus during Open House Week (through tomorrow) area residents are urged to stop by and meet the dedicated staff members, enjoy some refreshments and examine what the facility offers.

Tomorrow also an informational Insurance Fair will be

held from 10 a.m. to noon on issues relating to HMO's and Medicare.

In addition visitors can drop in a card in the "Lucky Visitor" Box. A drawing will be held at the end of each month and the lucky winner will gain an impressive gift donated by a local merchant.

Wilhelmi's to mark 50th anniversary

Mr. and Mrs. George Wilhelmi of Westland will be marking their 50th wedding anniversary on May 14.

They plan to renew their vows at a special service at 4 p.m. May 16 at the Trinity Episcopal Church in Belleville.

The service will be followed by a small reception in the church hall.

Wilhelmi was planning director for the city of Westland, when he retired in 1993.

His wife retired the same year after 24 years with the City of Wayne Public Works Department.

Senior events

Early photos of Romulus senior citizens -- taken from birth to the age of seven years old -- are being collected by the Romulus Senior Center in time for the Mother's Day Luncheon.

A contest will be held to determine how many can be identified, Linda Norman, center director, said.

Photos need to be turned in by the end of April.

Romulus seniors are planning trips to the Tulip Festival in Holland, MI. on May 14 (\$62 cost), Casino Windsor on June 8 (\$21 cost), The True North in Ontario, Canada on July 18-25 (\$699 cost), African Lion Safari in Cambridge, Ontario on July 23 (\$59 cost), Uncle Tom's Cabin in Dresden, Ontario on Sept. 15 (\$50 cost) and Branson and Eureka Springs on Sept. 19-25 (\$699 cost including 12 meals).

A deposit or full payment will reserve your seat, Linda Norman advises.

Students at the Romulus High School Auto Lab is offering free services to Romulus seniors on April 23.

The services will include: oil and filters, grease all fittings, oil door hinges, check all fluids and top off, check air pressure and complete under car inspections.

In addition free coffee and donuts will be available in the school lounge.

Vehicles must be parked by the Auto Lab between 7:30 to 8:30 a.m. Pre-registrations must be done no later than April 20.

Some service on vehicles also can be arranged for a small fee, such as shocks and struts, tune-ups, tire rotation and balancing.

For more information call 941-2170 ext. 522.

Geriatric health screenings will be conducted from 11 a.m. to 3:30 p.m. May 17th at the Romulus Senior Center.

A book sale is slated for April 17 at the Tried and True Thrift Store, 35004 Michigan Ave. in Wayne.

The one day sale will offer books 10 for \$1 including children's books, mysteries, romance novels etc.

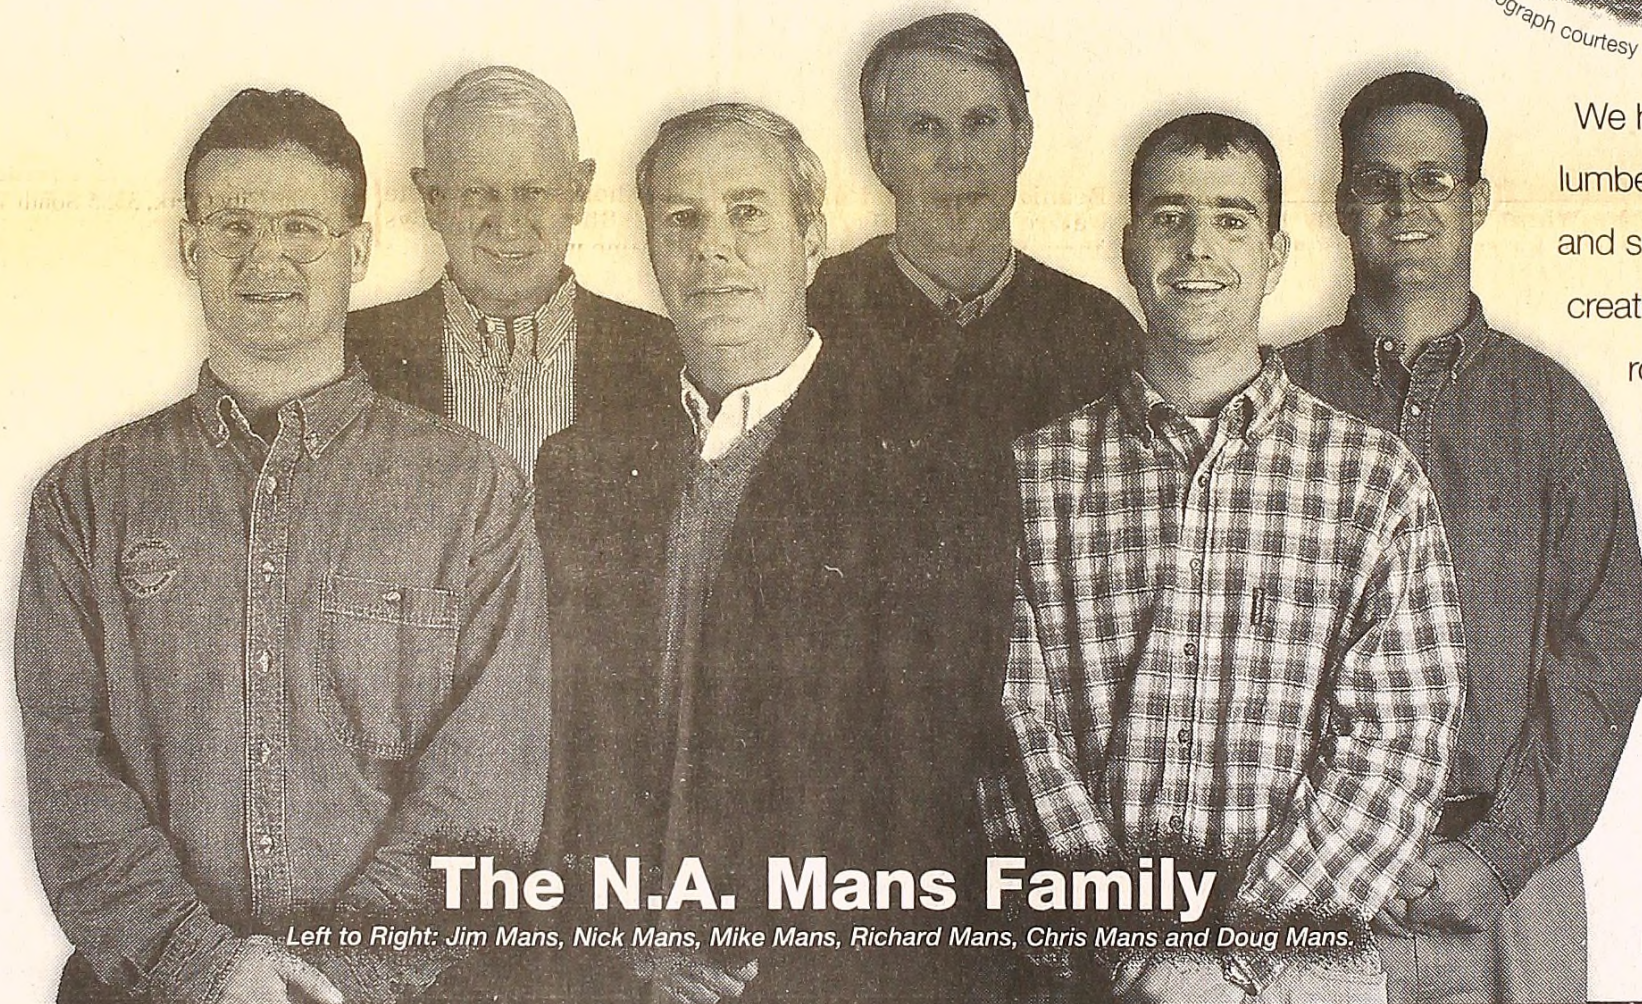

The sale will take place from 9:30 a.m. to 5:30 p.m. Buyers are urged to use the rear door of the store (Wayne road and Michigan avenue).

Relax, Y2K will not Bring TEOTWAWKI

I've heard all the doomsday scenarios. I even looked at a couple of the 1,052 doomsday sites on the Internet, but I still remain unconvinced. Y2K is the vehicle to bring TEOTWAWKI.

As the critically acclaimed Athens, Georgia rock band, REM sings TEOTWAWKI, better known as "The End of the World as We Know It, and I feel fine," many of us spurred on by quick buck authors and lectures, like Ed Yourdon, are hoarding non-perishables and buying dollar bills in an effort to stave off extinction.

Yourdon in his book "Time Bomb 2000" and on every television talk show he can weasel on, says civilization has an 80% chance to be ruined in the year 2000. He predicts a global domino effect of failing computer systems causing other computer systems to fail. Most doomsday scenarios start with the national power grid failing. Without power, the argument goes, civilization will shut down.

Unlike Yourdon, I have the confidence in our government and big business have run test after test and have already signed off on the problem, proclaiming their computers Y2K ready. That is certainly the case with almost all power companies.

Such sentiment, however, doesn't mean we should discard all thoughts pertaining to Y2K in preparation for the new millennium. They are:

1. Request a copy of your Social Security earnings and then, after the first

quarter of 2000, request another copy so that you can compare the two.

2. Check with your bank or credit union about whether their computers have been reprogrammed or retested in time for thorough testing with other banks and federal reserve system. If you don't this assurance transfer your funds to a bank that will. Keep a hard copy of all bank statements.

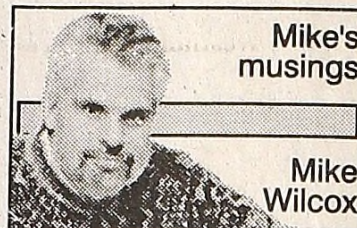

3. File your Medicare claims as early as possible this year, ask your doctor to do so, too.

4. In December get a two month's supply of medication unless your doctor doesn't recommend it.

5. Stay off the roads on New Year's Eve. Traditionally this applies to all New Year's Eves, but this year it is even a better idea, because some traffic lights or car parts may malfunction.

6. Stock up on batteries and candles. Prepare as if for an ice storm.

Bottom line is we all should relax, be prepared for a few minor problems, but enjoy the new year. The authors and lecturers who are doing a splendid job of fanning fear and scaring the bejesus out of us, resulting in big dollars to their pocketbooks, are really the only ones that need fear 2000. You see, come January 1, they all will be without jobs, and will have to conjure up some new fantasy to earn their keep.

Mike's musings

FIA workers are real parasites

Help the poor!

With guys like Douglas Howard in the saddle of Michigan's Family Independence Agency, formerly the Department of Social Services, the poor are in trouble.

New in his job, Howard is zeroing in on 30,000 people still on Michigan's welfare roll. Howard wants to switch these people from low-paying welfare to low-paying workfare.

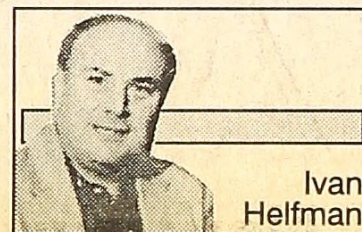

"Our goal is to keep moving the [welfare] numbers down," Howard told the *Detroit News*. "We're going to start with the assumption that everyone's employable except for those groups like the disabled. We're not going to start with the assumption that there's a magic number where the wall's at."

Howard is able to say this without fear because workfare is popular.

Unfortunately, workfare's popularity is due to the public's misplaced hatred for welfare recipients, a hatred fostered by politicians adept at scapegoating minorities for votes.

Though Michigan welfare recipients receive paltry benefits, politicians paint them as parasites, when the real parasites are people who profit off the misery of others, like Douglas Howard.

A parasite is someone who habitually takes advantage of the generosity of others without making any useful return. While this is true of wel-

Ivan Helfman

fare recipients, it's also true of excess government bureaucrats and prisoners.

However, bureaucrats and prisoners cost the public much more than welfare recipients.

Given as much money as they receive in Western European countries, more welfare recipients would blend into society causing less social problems and prison populations to drop.

In John Engler's Michigan, this money is diverted from welfare recipients to social workers so, instead of helping the people who need it, it creates a worse breed of parasites - social workers and government teachers and job trainers professing to train people for nonexistent high tech jobs.

In fact, these jobs are declining because the main result of technology is to reduce the number of people employed.

Thus, the purpose of luring people into training programs is to create make-work jobs for teachers and government workers, two of the largest and most dangerous special interest groups in America. The number of dangerous government parasites dwarfs the number of

harmless welfare recipients.

Want to know how bad these make-work jobs are swelling the ranks of parasites in America?

Enough to swell the number of government jobs up to 40 percent in "capitalist" America, compared to 25 percent in republican Switzerland or 30+ percent in "socialist" France, two countries in which violent crime and social problems are relatively low and per capita income is relatively high. The average Swiss is 1.5 times richer than Americans, according to UN income statistics.

Because of their lower violent crime rates, European countries have much lower prison populations than in America, the prison population is over 1.8 million - partly the result of our penchant for diverting money from the needy to parasitical social workers.

As long as Gov. Engler can convince taxpayers that welfare is a waste, money will continue to be poured into prisons and to squeeze out productive private sector jobs for government paper-pushing ones.

As for workfare mothers and low wage earners... well: Did you here the one about the FIA bureaucrat who told a workfare mother about the record number of jobs in Michigan?

"I know, I have three of them," she responded.

WEEKLY SYNDICATED COLUMN BY PERCY ROSS

Millionaire Percy Ross is known for his philanthropic work. He offers help and encouragement for those in need. He has earned a fortune and a wealth of knowledge during his lifetime and wants to share both. His motto: "He who gives while he lives... also knows where it goes."

When It Is Broken Beyond Repair, Move On

Dear Mr. Ross: Two years ago I married a cheating, skirt-chasing, abusive man. I tell you I hadn't a clue when I said, "I Do." From the minute we exchanged wedding vows, he turned into a completely different person. Even my friends and family were floored at his behavior at our reception. My kids adored this man before we married. Now, even the mention of his name frightens. I thought because he didn't drink any alcohol (like my first husband) that he wasn't capable of abusive behavior. I'm giving you this background to explain why I divorced him. Two poor choices, but at least I have my kids-which is the only good thing to come out of my first marriage.

You probably realize that my financial picture is bleak. I could use help with everything from soup to nuts, but what would help the most is \$900. With that sum I could get caught up on my phone and electric bills and still have \$150 toward used kid's clothing. I work and we're struggling to make it from month to month. I still love both my ex-husbands, so I don't blame you if you don't help me. It's just for all the poor choices I've made, I don't believe writing you is one of them.

Ms. B. D. ... *Thrifty Nickel*, San Antonio, TX

Dear Ms. D.: The problem with bad relationships is they are generally beyond repair. Unless you want to wallow in grief and misery, it's time for you to move ahead with people who truly care about you and your children. I'm sending \$900 cash, which is not intended for you to have a field day. Begin by making positive choices in catching up on past due bills. It's a start and we all have to start somewhere.

Dear Sir: How much spending money do you give your wife? We live on a fixed income and if I'm lucky I get \$5 a week. Problem though is I have to listen to my husband complain saying, "You don't need all that!" Maybe I don't, but after 53 years of pulling in our belts,

it's a pity we still have to. Don't you think after all these years I should be able to "blow" a few dollars?

Mrs. E. D. ... *The Dispatch*, Columbus, OH

Dear Mrs. D.: Your husband sounds cheap at \$5 a week, but after a course of 53 years, that is \$13,780. Just think if you had saved your weekly allowance! Yes, I do think you should be allowed to "blow" a few bucks so I'm sending a year's worth of pin money or \$260. Ideally, it would be great to spend your husband's money, but I guess mine will spend just as well.

Dear Mr. Ross: My problem may seem simple enough, but financially I'm strapped. My mother has suffered through an extended hospital stay. The end result is going to be a nursing home, at least for the next 6 months. She suffered a massive stroke, resulting in left-sided paralysis and aphasia. She's a large woman and has indicated by gesturing that what bothers her most is her bottom being exposed every time she gets out of bed. That's because of the way hospital gowns fit. I'd like to purchase her some new night gowns and a couple of robes.

I've had to dip into my grocery money more than once for all the extra gas and parking costs incurred in going to see her. I live on a tight budget to start with, so the \$200 I'm requesting is truly out of my grasp.

Ms. Y. L. ... *Arizona Pennysaver*, Tempe, AZ

Dear Ms. L.: Hospital gowns were designed as a cruel joke, allowing the nursing staff to have a cheap laugh.

I think patients would fare better being draped in sheets. At least they'd look like they were on their way to a toga party. To restore a little dignity in your mother's life, please accept the two \$100 bills I'm sending, along with my best wishes for her complete recovery.

It's not just a date-rape drug: it's a killer

To the Editor:

During the past several months, we have seen a sad but all too familiar story repeat itself over and over again. Young adults consuming drinks laced with GHB, passing out in a coma, becoming victims of sexual assault, or worse yet dying. In other instances, teens and young adults are purposely taking GHB before consuming alcohol in an effort to feel a stronger high.

What is GHB? GHB stands for gamma hydroxybutyric acid and was originally used by body builders to stimulate muscle growth. But in recent years, GHB has been increasingly abused as a recreational drug. It is odorless, colorless, and nearly tasteless. It can come in either power or liquid forms. The effects or high can be felt within five to 20 minutes after ingestion, and can last anywhere from one hour to hours.

Since GHB is a central nervous system depressant, it can cause the user to encounter euphoria or hallucinatory states with a false sense of reality, and well-being.

What Art the Warning Sign?

- Withdrawal symptoms of GHB last three-12 days, and may include insomnia, anxiety, tremors, and sweating;

- Symptoms of alcohol intoxication with no alcohol odor on breath;

- Lack of facial expression or animation;

- Slurred speech;

- Body appears to be limp;

Students with minimal knowledge of chemistry are making GHB in home laboratories and bathtubs. GHB is often prepared from household products. To illustrate the potency of chemicals that are used in producing GHB, consider that this drug is synthesized from a chemical used to clean electrical circuit boards.

What Do You Tell Your Kids to Protect Themselves?

- Don't drink from open containers unless you know what is in them;

- Open your own drinks;

- Know who you're with and stay with your drink;

- Only accept drinks at a bar or club if given by the bartender;

- Watch the behavior of your friends; and perhaps most importantly;

- Do not take any beverage from someone you do not know well and trust.

Recognizing the danger of GHB, Governor John Engler signed legislation in July, 1998 that makes it a crime to deliver, possess GHB with the intent of delivery, or manufacture the drug. Simple possession of GHB will be considered a felony. The penalties are severe: What can happen to you if you are caught with GHB?

- Any individual caught delivering, or possessing with intent to deliver or manufacture the drug may be given up to 7 years in prison, up to a \$10,000 fine or both;

- Any individual simply possessing the drug may be given 2 years in prison, a \$2,000 fine or both;

- Finally, any individual using the drug may be given up to 1 year in jail, a \$1,000 fine or both.

A final note: there are other drugs on the market that are sold in health stores which resemble the effects of GHB. Gamma-butyrolactone or GBL is also available over the Internet. GBL has resulted in one death and 54 cases of severe reactions including seizures and comatose-like states.

GBL is sold as a dietary supplement and under half a dozen names including GBL and Blue Nitro. It claims to have such effects as building muscle, enhancing sexual performance and reducing stress.

But like GBL, GBL can act on the central nervous system to cause life-threatening reactions. According to the FDA, several GBL users were found incoherent while driving, and one was involved in a car crash. Others appeared to have suffered seizures. Nineteen other people lost consciousness, many with such difficulty in breathing that

they required insertion of breathing tubes.

Our young people are living in an increasingly dangerous world. I urge parents to take a more active role in their children's lives. Drug use is taking on various forms, including the abuse of household products. While the use or abuse of household products is difficult to regulate, an increase in public awareness of the potential for their abuse is key in combating the manufacture of drugs such as GHB.

In an effort to increase public awareness, Michigan is launching a media campaign to warn every parent and young person about the dangerous effects of GHB. In the coming weeks, radio and print advertising will find their way in your home. Knowledge is power. Please arm yourself and your children with the information necessary to protect themselves. Talk to them before it's too late.

Sincerely,

Darnell Jackson, Director
Office of Drug Control Policy
at the Michigan Department of
Community Health

Truth is war's first casualty

To the Editor:

It is said that truth is the first casualty of war. If that is

true, then the collateral damage is surely to people's ability to think rationally.

Both sides in the NATO-Serbia War are already using propaganda to the outer limit. NATO says repeatedly that Serb leaders are Satan incarnate and the Serb army their evil spawn.

Yet, Serbs are wearing targets, forming candle-lit human shields and preparing for the martyrdom of their country.

The Albanian Kosovo Liberation Army (KLA) is conscripting Kosovo men by force, and providing NATO and Western journalists with a steady stream of atrocity stories—each more bizarre than the last, if possible. The media can't get enough.

But, here's the problem: Sooner or later the truth will out. Just like it did in Vietnam.

Eventually, Serbs will get off their cultural superiority high horse. NATO will have to decide whether it really wants, and can afford, Greater Albania and its Balkan diaspora as its protectorate for the next 30 years. And, the KLA will have to decide whether its a legitimate government in waiting or just another criminal syndicate operating inside Kosovo.

Many people with great wisdom have advised against involvement in Balkan civil strife.

This is going to be a Euro-

pean Vietnam.

Build fire station, then the park

Dear Editor,

I would like to address the issue of the new Westland Fire Station #5. This station will be built in the city of Westland in the southeast corner of the city.

The station is needed to give the residents of Westland fire and EMS protection, that is much needed in this area of the city of Westland. The present four Westland fire stations are a good distance from this area.

When the Westland Fire Department started in 1963 as the Nankin Township Fire Department, the only thing in this area of the city was the Eloise Hospital, which had their own fire department.

As time has passed the area has become more populated and the need for fire service has increased. The Westland Fire Department is a very busy fire department responding to many runs each day in all parts of the city.

The new fire station would be a great help to the city of Westland and the residents in the south east area. The residents of this area want the fire station but want the fire sta-

tion moved to a different location in the south east section of town.

The fire department knows where the station would best service the community. Let the station be built in the location requested by the fire department and increase you response time in this area. The residents should not oppose the station's location, it will be of great help to this area and much of an improvement to the area.

If the residents want a park by the station, good, but first let the station get built and than worry about the park. The lives saved by this fire station might just be the persons opposing the station.

Sincerely,

Richard L. Story, Sr.

Stop complaining and get out and vote

To the Editor:

I read in Sound Off, Westland eagle dated 6/8/99 someone wanted term limits to rid Westland of "deadwood."

It's this line of thinking that is taking away more and more rights to the individual citizen.

We have term limits now! It's called, get out and vote, vote, vote...

Why would someone want legislation for this when we all carry that power now. Another case of wanting someone else to your job. Lazy, lazy, people.

If you don't like someone in office get out and vote. If you don't like some type of law, get out and vote. Get involved, campaign for the other person, maybe the other law, maybe the other ruling, but the real story is, vote, vote, vote.

Then I ask, when someone is in office that is working with the citizens, with the other lawmakers, making Westland a better city, then your term limit comes into play. Good-bye good person.

Just look at past election totals, things are passed and people are voted in with only a very small percentage of the electorate and then someone screams term limits.

If an elected official knew that he or she was gone in 6 or 4 years just what kind of job do think they are going to do. If they knew they could get voted out or back wouldn't they do a better job?

Bottom line: We have term limits now, stop writing letters and get out and vote, vote, vote!

Don

Never missed a vote!

Rev. Humes to be cited April 25

By AL POST
MCN Staff Writer

The Rev. Virgil Humes, pastor of the New Hope Missionary Baptist Church of Wayne, will be honored at his Ninth Pastoral Anniversary Celebration on April 25.

Pastor Humes was educated in Detroit and then earned his bachelor's degree from Morehouse College and Georgia Tech of Atlanta.

He later earned his master's degree from Central Michigan University and received his post graduate education from Garrett Theological Seminary and Ashland Theological Seminary.

Humes is recognized for his spiritual and civic endeavors in the western Wayne County area and enjoys an exceptional reputation for being a source of comfort to the hurting members of society and for his counseling aid skills throughout this community.

Three guest preachers will officiate at the celebration including the Rev. Ronald Arthur of the Springhill Baptist Church of Detroit at the 7:30 a.m. service; the Rev. Otis White of the Triedstone Baptist Church of Mt. Clemens at the 10:45 a.m. service and Dr. Odell Jones of the Pleasant Grove Church of Detroit at the 3 p.m. service.

In addition on that Sunday, Publicity Chairwoman Barbara Underwood reveals a continental breakfast will be served at the church at 9 a.m. and a celebration dinner will be offered at 1:30 p.m. at the UAW Local 900 Hall at 38200 Michigan ave. in Wayne.

A play entitled *In the Beginning* sponsored by the First Congregational Church of Wayne will be offered tomorrow night.

The two-act play involves the tough early years of the church back in 1848 and 1849 with the church's first pastor -- the Rev. J.S. Kidder -- and how he handled financial crises. The curtain will rise at 8

p.m. following a dinner at 6:30 p.m. A donation is requested for the dinner. For more information call 734-729-7550.

The Pastor Danny Martin leader of the Belleville Christian Community Church of Belleville revealed a ribbon cutting ceremony will occur Sunday at 10:30 a.m. in the cafeteria of Belleville High School. Chamber of Commerce and city government have been invited to attend.

The Sunday service will begin at 11 a.m. and a movie entitled *The Harvest* will be shown. Refreshments will be served after the service.

The annual spring rummage sale sponsored by the Aldersgate United Methodist Church is slated from 9 a.m. to 2:30 p.m. April 24. The church is located at 10000 Beech Daly (between Plymouth road and West Chicago) in Redford.

While elephant items, kitchen equipment, small appliances, toys and books will be sold in Wesley Hall. Clothing will be offered in Fellowship Hall with special women's garments in The Boutique.

Proceeds will be used for the church and its district missionary projects.

A unique book sale (10

books for \$1) will take place Saturday at the Tried and True Thrift Store, 35004 Michigan Ave. (corner of Michigan avenue and Wayne road) in Wayne.

All the proceeds will be turned over to the People of the Book Lutheran Outreach -- located next door.

Shoppers are urged to use the rear door off the parking lot.

A rummage sale also is being slated from noon until 4 p.m. on May 7 and from 9 a.m. to noon May 8 (bag day) at Our Master Lutheran Church, 821 Inkster road near Avondale.

Members of the Naval Sea Cadets Corps of Michigan and Ontario will be honored at 11 a.m. April 25 at the Mariners' Church of Detroit.

After the service, participants will be invited to tour the refitted U.S. Navy Torpedo Recovery Ship *Grayfox* -- which is making its second annual visit to the foot of Hart Plaza.

Mariners' Church (a national and state historic landmark) is located near the entrance of the Detroit-Windsor tunnel. The church rector is the Rev. Richard Ingalls.

ALL-AREA

MEN'S BASKETBALL

C.J. GRATHAM

Following in his father and grandfather's footsteps, **C. J. Grantham** has also left his mark on Belleville's basketball history. (Both father and grandfather were All-State cagers at Belleville). The only player from the area to be honored this year on the coveted All-State Team, C. J. led coach Rod Fisher's Tigers to back-to-back district titles and regional appearances. His career high 42 points against Monroe was another highlight in a great season.

With this week's publication, the curtains falls on another exciting high school basketball season. On this page are some of the stars who made the season unforgettable. Who will the stars of the future be? Stay with *Michigan Community Newspapers'* sports staff for the 1999-2000 season. It will dawn sooner than you think.

Brodie's best of area's hoop coaches

By TOM MOORADIAN
MCN Staff Writer

Like death and taxes, you can rest assure that coach Bob Brodie will have a competitive basketball team.

This year's Plymouth-Salem basketball squad may have had an exceptional season - the Rocks won 11 in a row to start the season, then went on to post a 20-5 overall record which included district and regionals titles.

Salem lost its bid for a 'Big 4' berth when Pontiac Northern eliminated them in the state quarterfinals.

"This is a team that played with heart and pride," says Brodie who, like his father, Joe, coaches with a passion. "I have had many outstanding teams and players in the past, but this team was one whose work ethics were unsurpassable."

Brodie pointed to the team's four-year success: The seniors on the 1998-99 Salem squad "only lost nine games over a span of four years," Brodie notes.

Although Salem has strung together 11 straight victories in past seasons, the 11 straight wins that launched the 1998-99 year was a

Bob Brodie

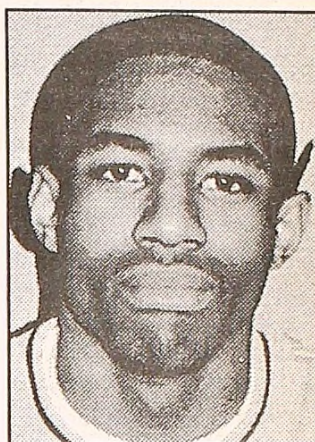

first. Because Brodie will lose most of his veterans to graduation in June, the 1999-2000 season could be one of those *pay-back* years for Salem opponents.

But don't count on it. Brodie always seems to be able to put together a squad that is competitive.

And, before the *Michigan Community Newspapers* sports staff leaves the hoop scene and begins to devote its time to baseball, softball and track, the MCN staff has yet another honor for the veteran Salem coach. Bob Brodie is the MCN's 1998-99 basketball *Coach of the Year*.

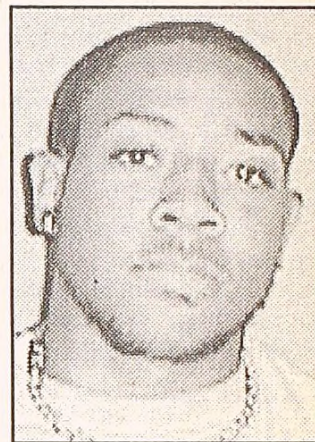

ROB JONES

A two-year varsity member, Plymouth-Salem's **Rob Jones** is an over-achiever who comes up with the big play at crucial times that turns the tide. A 6-0 senior who averaged 11.5 points per game and five rebounds, Jones's game-tying basket against a highly-touted Southfield-Lathrup, followed by a blocked shot ignited the Rocks in the regional finals that led to the regional championship and a berth in the state quarterfinals.

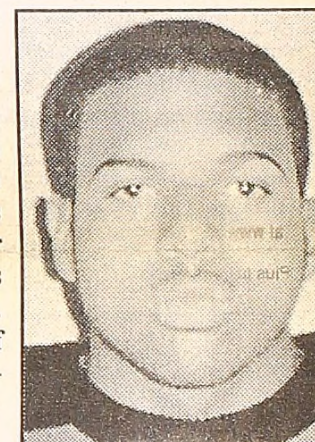

JAMAR DAVIS

A couple of days before the start of the basketball season, **Jamar Davis** suffered a broken arm. And the Wayne season had to wait until Davis healed. When the 5-9 senior captain returned to coach Chuck Henry's lineup, Wayne suddenly became a contender. For a good reason. Davis, a shooting guard, came back with 23 points per game in the Mega Red Conference season (17.0 per game overall).

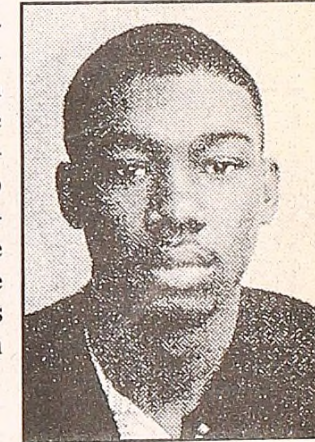

DARYL MASON

Without **Daryl Mason** working the boards as he did most of the season, Romulus would have been in serious trouble. The 6-3 senior who completed his second season as a starter for coach Guy DelGiudice's Eagles, wound up as the team's leading rebounder with eight per game and he also scored 295 points for 25 games or 12 points per game. "We would have been a lot worse off than we were if we did not have Mason in our lineup," says DelGiudice.

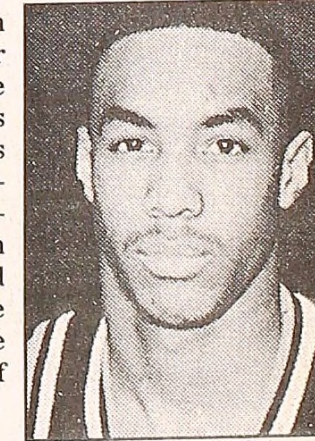

DWIGHT WINDOM

Rugged and tough **Dwight Windom** kept Dearborn Heights Robichaud in the thick of the Mega Conference White Division title race. An outstanding all-around athlete who has the potential talent to play for a major college, the 6-3 Windom not only was a threat with the ball, but he also played a pivotal role on the boards. Opposing coaches knew that they had to stop Windom if they hoped to stop Robichaud.

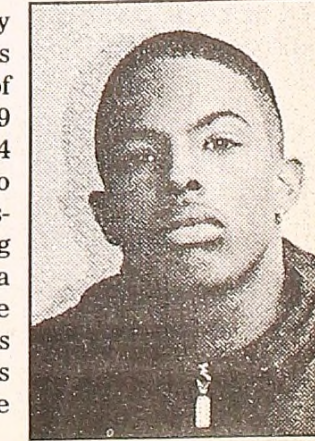

KEVIN HARRISON

Playing a crucial role in Belleville's overall season, 6-1 junior **Kevin Harrison** stepped up his game a couple of notches for the playoffs to help the Tigers retain their Class A district title for a second consecutive year and move them into the regional finals where they met Ann Arbor Pioneer. Pioneer defeated coach Rod Fisher's team but the Tigers gave the eventual state champ a better game than any of Ann Arbor's playoff opponents.

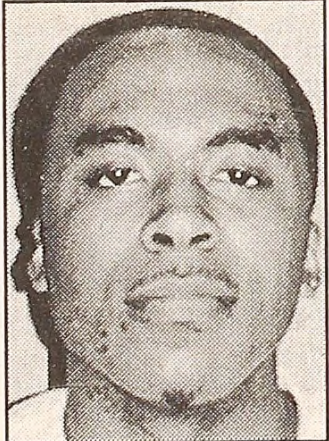

MICHAEL WILLIAMS

Defined as a 'clutch player' by coach William Springer, Inkster's **Michael Williams** was the mainstay of the Vikings' 1998-99 season. The 5-9 senior point guard scored at a 14 point per game clip and he also came up with six steals and six assists per game. Considered among the elite players in the tough Mega Conference, Red Division where such traditional state powerhouses as River Rouge, Belleville, Romulus and Wayne traditionally dominate the scene.

TY HAYGOOD

Westland John Glenn coach Mike Schuette can not recall a game that **Ty Haygood** didn't come ready to play. Haygood's work ethics made him a top-notch player, and he stood inspirational for the rest of the team. The 6-4 senior definitely was the heart and soul of the 1998-99 Rockets' team as he pumped in 16 points per game and was also one of the team's leading rebounders. A 3.4 grade point average student, Haywood will be heading to the U of M-Dearborn campus this fall.

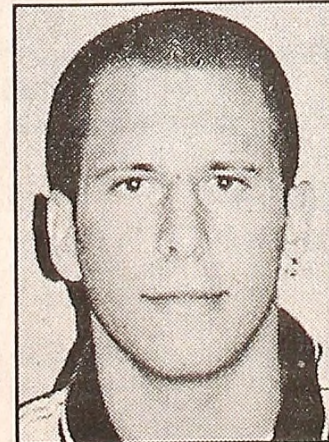

JOE CORTELLINI

A brilliant strategist as well as outstanding student, Plymouth-Canton's **Joe Cortellini** is a holdover from last year's All-Area Team. Cortellini averaged 17 points per game, but the senior point guard was not only a great shooter, but always looked for the open player to pass. Cortellini was not only a member of coach Danny Young's team, some opposing coaches believed he "was the team." They had to stop Cortellini in order to beat the Chiefs.

KEVIN THOMAS

It is rare, very rare, that a first-year varsity player can accomplish what **Kevin Thomas** did at Romulus. In his inaugural season with the Eagles and coach Guy DelGiudice, the 6-4 Thomas averaged 15.5 points or 385 points for the season. He also snatched 146 rebounds from the boards and that was good enough for six per game. "The nice thing about Thomas," says DelGiudice, "is that he will be coming back next year."

Reeder is Canton's MVP swimmer

By TOM MOORADIAN
MCN Staff Writer

The Chiefs and swimming coach Kyle Lott wouldn't have had the kind of season they had if junior Aaron Reeder and sophomore Jon Heiss were missing from the Plymouth-Canton High School's swimming line-up.

Reeder was named the recipient of the Plymouth-Canton MVP Swimmer Award, while Heiss was awarded the Most Improved trophy.

And the Western Lakes, Lakes Division season really don't get any better for the Chiefs than it was for the Chiefs during the 1998-99 campaign.

Lott, who is assisted by Bill Faunce and Phil Hoffmeyer, finished the dual meet season with an untarnished record in the Western Lakes, Western Division, which earned them a divisional championship.

The Western Division champs went on to the conference meet where they finished fourth overall.

Wayne signs up for softball

By TOM MOORADIAN
MCN Staff Writer

Wayne Parks and Recreation officials said that they are continuing to sign up players for their girls softball leagues.

Prospective players may register through May 15 at the Wayne Community Center, located at 4635 Howe Road.

Players are needed for the Pee-Wee League, ages 8-11; Junior League, ages 12-14, and the Senior League, players 15-18.

To register, players are requested to bring their birth certificate, a parental consent signature and registration fee. The fee is \$30 for residents. Non-resident registration is \$40.

Wayne recreation officials also stress that the department is in dire need of Junior League softball coaches. League officials say that they plan to conduct an organizational coaches' meeting at 7:15 p.m. April 13 at the Wayne Community Center.

For more information, please contact the Community Center at

The Celtics, under the guidance of coaches Tom Collop and Charles McQueen, finished the Westland Youth Athletic Association freshmen basketball season with an impressive 10-2 overall record. They wound up second best in their conference and went into the post-season with a determination to win a title. That they did. The Celtics emerged from the playoffs with a stirring 39-38 overtime victory and the tournament championship. Team members include Brian Sharp (front row, from left), Shane Kightlinger, E. J. Roach and Justin Collop; second row are coach Charles McQueen, C. J. McQueen, Ryan Collop, Patrick Reynolds, Josh Neldon, and coach Tom Collop.

Free golf lessons

Local women invited to program

Local women golfers who want to improve their golf game or skills, for free, are invited to participate in golf program at Rouge Park.

As part of American Golf's national *Women In Golf Day* program, the Rouge Park Golf Course in Detroit, will host a free golf lesson and other golf-related special events for women.

The program will be staged on May 15. PGA Professional Micki Lewis and LPGA Professional Julia Baldwin will provide instructions.

Designed to introduce golf to women in a fun, non-intimidating environment, the event is being hosted at more than 240 courses operated by American Golf, with LPGA Hall of Famer, Kathy Whitworth, serving as national spokesperson.

At Rouge Park, festivities will include golf clinics, demonstrations, vendor displays, club demo's, lunch, a putting contest, and a scramble golf outing.

The activities will begin at 9 a.m., and the program is open to women 14 years of age and older of all skill levels.

Golf clubs will be available for newcomers, while participants can take advantage of discounted lessons, packages, merchandise discounts and other benefits offered as part of the program.

"We are thrilled to increase opportunities for women to learn and play golf through our *Women In Golf Day* activities," said Rouge Park Golf Course general manager Sam Abrams. "This event will provide new golfers with exposure to the sport in an entertaining way, while it will also provide more experienced golfers with the opportunity to network with others who share their passion for golf."

Rouge Park Golf Course is located at 11701 Burt Road, at Plymouth Road and Burt. Participants may register by calling (313)837-5900.

For more information about the program, please call (313)837-5900.

Twisters hold workout

By TOM MOORADIAN
MCN Staff Writer

If you missed the Twister's workout last Sunday, the semi-pro football team will conduct another on April 18.

The Twisters, a semi-professional football team that harvests most of its football talent locally, will be conducting their final tests and workouts on April 18, according to J. Glenn Brothers, the team's general manager and president.

"We will be conducting a pro-style combine to provide an opportunity for those interested in playing football at the semi-pro level," Brothers stressed. "We welcome anyone who feels he has the talent to play for our organization."

Prospective Twister candidates will be evaluated in bench press, vertical jump, quarter-mile, 40-yard dash along with agility. All candidates must be 18 or older to participate and in excellent physical condition.

The cost of registration is \$20 at the door.

Team officials say that candidates should possess experience of not less than high school competition.

For more information about the physicals or about the Twisters, telephone (734)981-7141 or (313)359-3457.

Last call for WYAA girls' softballers

By TOM MOORADIAN
MCN Staff Writer

This is the final call for Wayne-Westland girls' softball players who plan to compete this Spring in the Westland Youth Athletic Association League.

Although some potential players signed up for the soon-approaching season, Westland Youth Athletic Association officials say they are still in need of players to complete their rosters.

The WYAA is still searching for junior female athletes to fill the rosters of teams that will play in the association's summer softball program.

"We are especially looking for girls, eight through 11, to complete rosters for our teams," said Keith DeMolay, WYAA publicist. "With opening day scheduled for May 1, time is running out."

WYAA also needs 12 to 14 year olds for league play.

WYAA will sign up potential candidates from 7 to 9 p.m. on Wednesdays and 10 to noon on Saturday at the Lange Compound, located two blocks north of Ford Road on Farmington Road.

Opening Day ceremonies have been scheduled for 10 a.m. on May 1 at Central City Field, located behind the Westland City Hall, south of Ford Road.

Players or their parents who need further information may contact DeMolay at 722-1251 or call the WYAA offices at 421-0640 during regular business hours.

Geese

Continued from page A-6

The latest column dealing with E-coli delt with geese and the fact that they produce more than their share of the stuff, and always seem to do it right next to a river.

It's quite obvious that the geese lobby, if there is one, isn't doing a very good job. Not one of the people I spoke to had any interest in defending them. In fact one fellow, an avid golfer, even suggested forming a new hunting season.

Several years ago I was on a golf course and witnessed a rescue operation underway to save a goose. It seems someone who lived on the course, barbarously shot an arrow into the poor thing and when the authorities arrived it was swimming around in the pond trying to get away from them.

The rescue team consisted of three vans, seven people, a couple cell phones and a rubber raft. One guy was paddling around trying to catch the goose and the other six watched while intermittently talking on the cell phones. I wondered just how much that whole thing cost the State of Michigan.

Ironically, the goose was never caught and after about three hours he ended up getting aggrivated and just flew away, arrow and all. I figured the bill was conservatively in the \$2,500. range and wondered how that money could have been better spent.

These are the kinds of hard questions we are all going to have to ask ourselves. First, it's great to have the geese and ducks to look at as we drive through Hines Park, but what if they turn out to be big contributors to the problem?

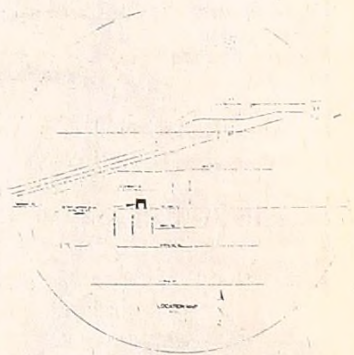

What if the fact that they have no natural enemies to speak of allows them to increase dramatically in numbers further harming the river? Placing signs near the water that say's "please don't feed the ducks and geese" aren't going to be enough. What then?

Nature requires a delicate balance in order to thrive and the river is the most delicate of all. During this column I have stated several times that I don't really know what I'm talking about, that I get this stuff from the experts.

When I ask them these questions they don't answer me, they just get a funny raised eyebrow look on their faces. We're ready to spend the money, we're ready to do the work and even take the blame for the mess. The question is; if this is a significant issue, and I believe it may well be, do we have what it takes to make some tough decisions?

Nissan Frontier is a full-of-life pickup

1999 Nissan Frontier 4x4

By SYBILLE MARR
MCN Special Writer

If I had a choice between a fun little pick up truck and a luxury sedan, I would have to go with the pickup truck. Sporty, fun to drive, can go anywhere you want to adventure off to, that is my kind of vehicle.

That is some of the reasons I loved the Nissan Frontier 4X4. I was having fun in the sun, playing around off road, and of course running with the big boys.

The Nissan Frontier has a new V6 engine, that was based on the Nissan Pathfinder. It runs with 170 horsepower at 4,800 rpms and 200 ft.-lbs. of torque. The Frontier has more horse power under the hood than any of the previous Nissan trucks and you can tell. When you jump on the highway it does not take you a day and a half to speed up. You are there in the fast lane with a Ford Ranger eating your dust.

Even when you are towing something you are still not left behind. You still have the speed you want with the power to tow behind what you want. Off roading can be a blast in this little gem of a truck. This little guy can easily make it up any hill at the Sand Dunes or even fly up a muddy incline in the woods with ease. You have all the off roading of a full size, but without the guzzle of the gas tank. The exterior of the Frontier has a rugged look that is close to the new for Ranger look.

It has strength. A full ladder frame takes a lot from the normal Michigan thaw driving. With the twists and turns this pickup takes, it pushes back with force.

Maybe its the hauling that draws you to a truck, fine. The frontier has the largest bed in its class. It can carry 1,400 pound payload and has double wall construction so the dents won't show up on the exterior of your new truck when you have to haul concrete blocks for your neighbor.

A great plus is with the Frontier's bed. It is two tiered. It can be separated into upper and lower parts by horizontally laying a partition board into special slots. You can have a front, middle, and rear component. Inner tie-down hooks are also standard on Frontiers.

The Frontier's suspension handles like a car rather than a pickup. It has a blend of spring and shock absorbers that makes this the best riding truck Nissan has ever made.

Everyone has thoughts on safety nowadays. Whether it be air bags or seat belts we all make sure our friends, family, an ourselves are secure and safe in our vehicles. This includes the Frontier.

It comes with a standard safety package that includes air bags that can be turned off and on in case you have small passengers that may be crushed by the impact of the bag.

The Frontier is also designed with hood buckling creases, front crumple zone,

pipe style side door guard beams, and energy absorbing steering column.

You can't talk about a vehicle without talking about the interior. The Frontier was the most roomy mid sized truck I have ever been in. I was more comfortable in this truck than

the Ford Ranger.

The bucket seats are designed to reduce driver fatigue and believe me it works. I loved sitting in this little truck after a hard days work. I wasn't smothered in anyway.

The audio system jams in the Frontier. It has a five

speaker system with sub woofer and compact disc player, you can get a single disc or even a three disc player factory installed. Even while listening to an easy classic the bass in this system kicks. That would be the only downfall to this vehicle. Some-

times you want to listen to a song without the thump, but there is no way to control it in the Frontier.

This pick up has everything your heart may want in a vehicle. It would be a great addition to anybody's drive way. Its a pick up truck full of life.

ROMULUS HOUSING COMMISSION PUBLIC NOTICE

Notice of Intent to Request Release of Funds

City of Romulus
34200 Beverly Road
Romulus, MI 48174
(734) 729-5389

On or about April 23, 1999, the above named city will request the U.S. Department of Housing and urban Development (HUD) to release Federal Comprehensive Improvement Assistance Program funding under Title I of the Public Housing Act of 1937 as amended. The 1998 Comprehensive Improvement Assistance Program (CIAP) Grant is for minor rehabilitation and general property improvements. In addition, some of other funding will be used for consulting fees. The following activities are proposed under this program: Consultant fees (\$18,000); Roofs, gutters and downspouts replacement (\$131,000); Repair exterior brick partition walls, tuckpoint and install clay cap (\$6,000); Install electrical service disconnects, rewire with new circuit breakers (\$53,000); Modify 5 bedrooms wait for Computer learning Center with handicap accessories, alarm devices and air conditioning (\$30,000). The total grant requested for release is \$238,000.

The aforementioned activities will occur at all public housing properties consisting of 101 units and administration building operated by the Romulus Housing Commission.

It has been determined that such request for release of funds will not constitute an action significantly effecting the quality of the human environment and accordingly, the above named city has decided not to prepare an Environmental Impact Statement (EIS) under the Nation Environmental Policy Act of 1969 (PL91-190).

The reason for such decision are as follows:

1. The minimal impact upon the environment due to the scale and nature of activities.
2. The long term benefits expected to accrue to the environment as a result of the proposed activities.

An Environmental Review Record in reference to the 1998 Romulus Housing Commission CIAP activities has been made by the City of Romulus and the Romulus Housing Commission. The Environmental Review Record describes the 1998 CIAP activities and details the reasons why EIS is not required. The Environmental Review Record is

on file at the Romulus Housing Commission, 34200 Beverly Road, Romulus, Michigan. The document can be publicly examined between the hours of 9:00 a.m. and 5:00 p.m. at the Romulus Housing Commission office.

No further environmental review of such project is proposed to be conducted prior to the request for release of federal funds.

All interested agencies, groups and persons disagreeing with this decision are invited to submit written comments for consideration to the Romulus Housing Commission, 34200 Beverly Road, Romulus, MI. 48174. Such written comments should be received at the above address on or before May 10, 1999. All comments received will be considered and the Romulus Housing Commission will not request the release of federal funds or take any administration action on the activities prior to the date specified in the above statement.

The City of Romulus certifies to HUD that Mayor William M. Oakley in his capacity as Mayor consents to accept the jurisdiction of the Federal Courts if an action is brought to enforce responsibilities in relation to the environmental review process and that these responsibilities have been satisfied. HUD's approval of the certification satisfies its responsibilities under NEPA and related laws and authorities, and allows the Romulus Housing Commission to use program funds.

HUD will accept an objection to its approval of the release of funds and acceptance of the certification only if it is for one of the following reasons:

- (a) The certification was not executed by the Chief Executive Officer or other officer of the applicant approved by HUD.
- (b) An applicant's Environmental Review Record for the project indicates omission of a required decision, finding, or step applicable to the project in the Environmental Review Process.

Objections must be prepared and submitted in accordance with the required procedure (24CFR 58) and may be addressed to HUD at the Department of Housing and Urban Development, Office of Public Housing, Patrick V. McNamara Federal Building, 477 Michigan Avenue, Detroit, Michigan 48226.

Objections to the release of funds on basis other than those stated above will not be considered by HUD. No objection received after May 10, 1999 will be considered by HUD.

Design a T-shirt

Entries are now being accepted for the 1999 Sumpter Country Fest T-Shirt Design Contest. The festival committee will award a \$100 cash prize, and T-Shirt to the person creating the winning design. Entrants of all ages are encouraged to participate, with the winning design to be used as the cover of the 1999 souvenir program and the 1999 T-shirts.

Designs should follow a country festival theme, are limited to three colors and black, are to be submitted on an 8 1/2 by 11 inch sheet of white paper, with name, address, phone number and age of entrant on back of entry. Please do not fold entries.

Entries should be mailed or delivered in large manila envelopes to: Design Contest - Sumpter Township Hall, 23480 Sumpter Road, Belleville, MI 48111 by May 8, 1999. The winner will be notified prior to the festival.

CITY OF WAYNE

Motion by Haidous, supported by Dobrowolski and carried by a 6-1 vote, it was resolved to adopt Ordinance 1999-13, an ordinance to amend the codified ordinances of the City of Wayne, as follows:

ORDINANCE NO. 99-13

AN ORDINANCE TO AMEND THE CODIFIED ORDINANCES OF THE CITY OF WAYNE

THE CITY OF WAYNE ORDAINS:

Section 1. That the zoning map of the City of Wayne be amended and changed to show Limited Business (B-1) where One-Family Residential (R-1C) is now shown, as hereinafter described:

Lots 1-15 of Louis Savage Garfield Park Subdivision

Section 2. That this Ordinance shall be published as required by law.

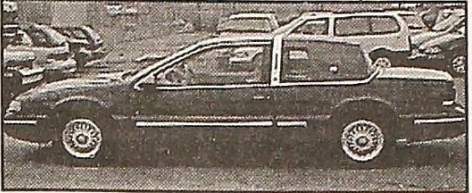

Section 3. That this Ordinance shall become effective ten days after enactment and upon publication thereof.
